Attention All Artisans:

Planning for the 9th Annual Live from the Rock Folk Festival is underway. Our festival will be held August 5-7, 2011 in Red Rock.

This music and arts festival which attracts 2500 visitors has four performance stages, food court, children's activity area, festival pub, voyageur canoe display, yoga sanctuary, festival merchandise tent and an artisan's village.

We are looking for artisans to participate in our artisan's village. Recognizing the distance and costs involved in bringing your uniquely crafted items to our festival we are waiving our fee to a limited number of artisans. We are looking for individuals who craft their own items such as: jewelry, pottery, textiles, woodworking, garden ornaments, candles, cards and clothing to display and sell during our festival.

The artisan's village is prominently located adjacent to the main stage where one can listen to world class music. Please visit our website for a glimpse of our amazing past.

This is an outdoor event and vendors are encouraged to bring a canopy or tent to protect their products from the elements.

If you are interested in participating in the 9th Annual Live from the Rock Folk Festival submit the enclosed application form. For further information you can contact Cindy at 807-886-2511 or cindybrand@hotmail.com. Please respond by May 1, 2011 to be considered for one of these coveted spaces.

If you are unable to participate this year please pass on this information on to other artisans. Thank you for your time.
